WELCOME

Hello!

Familiar, welcoming, and peaceful

*The Larla estate is a camping village *** located in a green setting at the foot of Mount Larla, in the village of Saint Martin d'Arrossa.*

PRESENTATION OF

YOUR HOSTS

Welcome to our home! We are Kattina and Joel Esponda.

As a couple, both in work and in life, and originally from the Basque Country, we decided to create our small family campsite *** in 2015.

It consists of very comfortable wooden cabins, and we offer numerous additional services to make your stay unforgettable and cozy.

For us, simplicity, tranquility, and relaxation are the key words.

It is important for us to convey our values, which are family spirit, simplicity, and authenticity. More than a campsite, a family!

GOOD TO KNOW

CLOSING DAY

We inform you that our establishment is closed:

- Wednesday afternoons,
- Sunday from 10 a.m. onwards.

For arrivals scheduled during these closure periods, all necessary information will be sent to you in advance so that you can settle in independently.

We appreciate your understanding and remain at your disposal outside of these hours.

OUR WAY OF WORKING

We remind you that you have booked in a property run by a family.

We do our best to be present during the reception's opening hours.

Thank you for your understanding and kindness.

In case of our absence, all the necessary information will be provided to you before your arrival.

However, we are always available via message at 06 86 44 84 35, even outside of reception hours.

Here you are in the countryside, in the heart of nature. So, you might come across some flying visitors, like... flies! They are part of the local charm, just like the cows, the sheep, and the beautiful sunsets 🌅 We do our best for your comfort, but a little tip: close the curtains when you air out the house, it helps limit their entry.

The weather

☁️ We completely understand your disappointment with the weather conditions and share your frustration over their impact on your experience. 🙏 However, we want to remind you that these elements are beyond our control. 🌞☁️ The weather is a factor we cannot predict with certainty or control... but rest assured that we always do our best to adapt and provide you with the best possible experience. ✨
